- JavaScript Button (Motivational Message)

## Home Page Layout

The Home page will introduce visitors to the purpose of the Bucket List site. It will include:

- A welcoming headline and short intro paragraph.
- A featured destinations section with images and brief descriptions.
- A centered embedded YouTube video showing inspirational travel highlights.
- A button that displays a motivational quote using simple JavaScript.
- Visual links (such as map buttons or icons) to quickly access the Explore or Bucket List sections.

## About Page Layout

The About page will explain the purpose of the site and the creator's passion for travel. It will include:

- A headline like 'Why I Made This Site'.
- A few paragraphs about how travel has influenced the site creator.
- A short timeline or story section showing how their bucket list evolved over time.
- Possibly a photo and a quote to personalize the page.
- A section explaining the importance of setting and achieving life goals through adventure.

## Contact Page Layout

The Contact page will allow users to get in touch with the site creator. It will include:

- A simple, styled contact form (name, email, message).
- Clear instructions and possibly a thank-you message after submission.
- Social media links/icons (Instagram, YouTube, etc.).
